Catalog and Policies

Students are expected to be familiar with the information presented in the Enrollment Agreement, Catalog and any addenda to the Catalog. This Catalog serves as a handbook for the student. By enrolling in Cortiva Institute, the student agrees to abide by all policies of the Institution. Accommodation Request

Cortiva Institute complies with all provisions of the Americans with Disabilities Act (ADA) and section 504 of the Rehabilitation Act of 1973, in that no qualified person will be excluded from enrolling in the school. However, individuals should be aware that the regulations of the programs and applicable careers fields require the ability to sit or stand for long periods of time, a high level of manual dexterity and prolonged periods of practical work in the clinic.

Applicants and/or students with a disability seeking accommodation, must make their requests in writing to the Campus Director by completing an Accommodation Request Form, and submitting recent, relevant medical documentation that verifies the nature of the disability, the functional limitations resulting from the disability, the timeframe for the accommodation and must substantiate the need for any accommodation requested. *The type of documentation will vary according to the disability but should give us a basic understanding of what your disability is and how the disability impacts you in the classroom environment. Documentation may include specific recommendations as to the types of reasonable accommodation needed (e.g. extra time for testing, note-taking assistance). It should describe the relationship between the disability and how an accommodation would provide access. The Institute has no obligation to provide or adopt recommendations but will consider them.*

In order to ensure that reasonable accommodation can be provided in a timely manner, all forms and documentation should be received at least six (6) weeks prior to the start of classes, or as early as possible as accommodations cannot be implemented retroactively. Upon receipt of the appropriate documentation, the request will be reviewed for eligibility, additional information may subsequently be requested if necessary.

Decisions pertaining to reasonable accommodation will be made by the Regional Director of Operations, in consultation with other Academic or Administrative Personnel. Written notification of approved accommodations will be provided, and faculty will be notified of the accommodations that have been approved, unless otherwise specified. **Confidentiality Information about a student's or applicant's disability will be shared with those with a need to know about it, such as to assist the Institute in evaluating or implementing the accommodation or for reasons of safety. Records relating to disability accommodation will be kept separate from other files and only made available to personnel with a need to access the files.*

If a student disagrees with the proposed accommodations, he/she has the right to appeal the decision in writing and should be submitted promptly along with a copy of the paperwork used to request the accommodation. The appeal should state clearly why the student or applicant still believes that they should be provided with the accommodation sought. Students granted a different accommodation than first sought are encouraged to try the alternate accommodation while appealing the decision. Within 20 business days after acknowledging receipt of the ADA policy appeal, the Campus Director will inform the student regarding the institutional response to the written appeal. *The appeal is to be submitted by U.S. mail to:*

Sexual Harassment & General Anti-Harassment Policy

The U.S. Equal Employment Opportunity commission has issued guidelines which treat sexual harassment as illegal sex discrimination under the Civil Rights Act of 1964. Cortiva Institute actively supports a policy on sexual harassment which includes a commitment to creating and maintaining an environment in which the students, faculty and administrative-academic staff can work together in an atmosphere free of all forms of harassment, exploitation or intimidation. It is the intention of the school to take whatever action may be needed to prevent, correct and if necessary, discipline behavior which violates this policy.

Policy for Registration/Licensure/ Examinations and Fees

Students shall be required to apply to the State for registration and/or licensure in their chosen profession. Please see attached addendum for information pertaining to requirements and fees for registration/licensure for each program offered at Cortiva Institute.

Limitations of Employability Due to Criminal History

Students with criminal histories may not be eligible for professional certification or licensure after graduation, depending on the requirements of the student's chosen program at the time of completion. The guidelines are issued by the Texas Department of Licensing and Regulation (TDLR) pursuant to the [Texas Occupations Code, § 53.025\(a\)](#). These guidelines describe the process by which TDLR determines whether a criminal conviction renders an applicant an unsuitable candidate for the license, or whether a conviction warrants revocation or suspension of a license previously granted. These guidelines present the general factors that are considered in all cases, and also the reasons why particular crimes are considered to relate to each type of license issued by TDLR. Individuals may request TDLR review their criminal background before applying for a license.

The Act sets out that a person is ineligible for licensure:

- A. If the person has been convicted of, entered a plea of nolo contendere or guilty to, or received deferred adjudication to crimes or offenses under Chapter 20A, Penal Code, or Subchapter A, Chapter 43, Penal Code, or another sexual offense;
- B. Until the fifth anniversary of the date of a conviction of a violation of the Act.

This information can be found at:

You may obtain copies of the Massage Therapy Act, Texas Occupations Code, Chapter 455 at:

<https://statutes.capitol.texas.gov/Docs/OC/htm/OC.455.htm>

Please contact the Student Services Department if you have any questions or concerns regarding the criminal history and/or other licensure requirements.

This program is not intended to prepare graduates for employment in any state other than Texas. Prospective and current students and graduates are responsible for researching and understanding all examination, registration, certification, or licensure requirements in any state in which they seek to become registered, licensed, or employed.

Tuition, Fees, Books, Uniforms, Supplies

Students will be obligated for all charges (tuition/fees/books/kits) for the period of financial obligation they are currently attending plus any prior account balance. The period of financial obligation is the time the student is enrolled. Students who have withdrawn and wish to re-enter will be charged a \$100 re-entry fee. *The tuition and fee schedule for all programs at Cortiva Institute is provided in an addendum to this catalog. Payment of all fees, or arrangement for the payment of all fees, must be made at the time of registration and are subject to change without notice. All financial obligations owed to Cortiva Institute must be paid, or arrangements for payments must have been made, before a student may re-enter, receive official transcripts or graduate.

Students are also required to furnish their own personal school supplies such as pencils, pens, erasers, notebooks, calculators, index cards and dictionaries. Students may also be required to purchase additional supplies/kits based on his/her program of study. Any additional licensing fees are listed in an addendum and presented at the time of enrollment

Payment of Tuition

Students may pay by cash, check, money order or credit card for educational costs. Payment of tuition is due, in full, on or before the firstday of class unless a student is on a payment plan or has been approved to receive Title IV Federal Financial Aid.

In accordance with Title 38 US Code 3679 subsection (e), this school adopts the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill[®] (Ch. 33) or Vocational Rehabilitation & Employment (Ch. 31) benefits, while payment to the institution is pending from the VA. This school will not prevent the student's enrollment; assess a late penalty fee to the student; require the student to secure alternative or additional funding; deny the student access to any resources available to other students who have satisfied their tuition and fee bills to the institution. However, to qualify for this provision, such students may be required to produce the VA Certificate of Eligibility (COE) by the first day of class; provide a written request to be certified; provide additional information needed to properly certify the enrollment as described in other institutional policies

Any students who are unable to pay the tuition and fees in full may arrange a payment plan to be paid monthly or weekly to the school. Contracts are not sold to third parties; however, the school reserves the right to assign any unpaid balances to an outside agency for collections. Students in need of financial assistance will meet with the Financial Aid Department prior to enrollment in order to assess a payment plan. There are a few alternatives to assist students in meeting their financial obligation.

Payment Options:

1. Payment in full before first day of class.
2. Installment Plan which will be set up based upon the student's ability to make scheduled payments over the length of the program with a minimum down payment made prior to the first day of class.

**There is a \$50 fee for any check returned for insufficient funds.*

Students on a payment plan must make payments as scheduled. All payments are due on a Monday prior to entering class. A late payment will result in a 10% late fee being added to your balance. Failure to make a payment within 3 days of when due will result in the student not being allowed to attend the class unless prior arrangements in writing have been made with the Campus Director.

FINANCIAL AID AND FINANCIAL SERVICES

The Financial Aid Department at Cortiva Institute provides assistance to students who need financial aid in order to pay tuition expenses at the school. The Financial Aid Department has established procedures which assure fair and consistent treatment of all applicants. Financial Aid is available for those students who qualify.

Types of Financial Aid

The amount of aid a student receives at Cortiva Institute is based on cost of attendance, Expected Family Contribution (EFC), enrollment status (full time, part time) and length of attendance within an academic year.

Grants:

The main criterion for receiving grants is substantial financial need. Grants do not have to be repaid unless a student becomes ineligible. Students must maintain satisfactory academic progress as defined in the Cortiva Institute Satisfactory Academic Progress Policy.

❖ Federal Pell Grant

A Federal Pell Grant is an award to assist need-based undergraduates in paying for their education. Students who have achieved a bachelor's degree are not eligible for a Federal Pell Grant.

❖ Federal Supplemental Educational Opportunity Grant Program (FSEOG)

Federal Supplemental Educational Opportunity Grants are available to a limited number of students with exceptional financial need. Grants are based on available funds and do not have to be repaid. Need is determined by the financial resources of the student and parents and the cost of attending school.

❖ Federal Work Study

A federal student aid program that provides part-time employment while you are enrolled in school to help pay your education expenses.

Federal Direct Loan Program

Direct Loans, from the William D. Ford Federal Direct Loan Program, are low-interest loans available to eligible students to help cover the cost of higher education. Eligible students borrow directly from the U.S. Department of Education at participating schools. For additional information on the application process for obtaining a Federal Direct Loan (DL), the applicable period of time for receiving a DL, and the maximum annual and aggregate amounts of DL a borrower may receive.

❖ Direct Subsidized Loans

Direct Subsidized Loans are for students with financial need. The Institute will review the results of the FAFSA and determine the amount a student can borrow. The student is generally not charged interest while enrolled in school at least half-time. Direct Subsidized Loan Time Limitation Note: Federal regulations limit a first-time borrower's* eligibility for Direct Subsidized Loan to a period not to exceed 150 percent of the length of the borrower's educational program. Under certain conditions, first-time borrowers who have exceeded the 150 percent limit may lose the interest subsidy on outstanding Direct Subsidized Loans. For more information on Direct Subsidized Loan Time Limitation, visit: <https://studentloans.gov/myDirectLoan/directSubsidizedLoanTimeLimitation.action> *Generally, a first-time borrower is one who did not have outstanding balance of principal or interest on a Direct Loan or on a FFEL Program Loan on July 1, 2013.

❖ Direct Unsubsidized Loans

Direct Unsubsidized Loans are available to students with and without financial need. Like subsidized loans, the Institute will review the results of the FAFSA to determine the amount a student can borrow. Interest accrues (accumulates) on an unsubsidized loan, even while the student is in school, beginning on the date the loan is initially disbursed. The student can pay the interest or can allow it to accrue and be capitalized (that is, added to the principal amount of the loan). If a student chooses not to pay the interest as it accrues, this will increase the total amount to be repaid because the student will be charged interest on a higher principal amount.

- **Terms and Conditions-** Students who receive a Direct Loan are subject to the terms and conditions disclosed on the Federal Direct Loan Master Promissory Note (MPN) and the Direct Loan Disclosure Statement.
- **Borrower's Rights and Responsibilities-** Students who receive a Direct Loan also have varying rights and responsibilities as described in the Borrower's Rights and Responsibilities Statement attached to the Master Promissory Note (MPN). For more detailed information on eligibility and how to apply for the Federal Direct Loan Program, visit <http://www.studentaid.ed.gov/types/loans/subsidized-unsubsidized>

❖ Federal Direct PLUS Loan for Parents

Parents of dependent students may apply for a Direct PLUS Loan to help pay their child's education expenses as long as certain eligibility requirements are met. If a parent is unable to secure a Direct PLUS Loan, the dependent student may be eligible for additional unsubsidized loans.

- **Terms and Conditions-** Parent(s) who receive a Direct PLUS loan are subject to the terms and conditions disclosed on the Federal Direct PLUS Loan Application and Master Promissory Note (MPN) at <https://studentloans.gov/myDirectLoan/downloadPDF.action?fileName=FDPL-MPN>.
- **Borrower's Rights and Responsibilities-** Parents who receive a Direct PLUS Loan have varying rights and responsibilities as described in the Borrower's Rights and Responsibilities Statement, <http://www2.ed.gov/offices/OSFAP/DirectLoan/plusrights.pdf>, attached to the Master Promissory Note (MPN). For more detailed information on eligibility and how to apply for the Direct Parent PLUS Loan, visit <http://www.studentaid.ed.gov/types/loans/plus>

NOTE: A student's financial aid is solely the responsibility of the student. Each student is responsible for correctly completing all applications and processing paperwork in a timely manner. If student aid is not received by Cortiva Institute while the student is in school, the student is responsible for all tuition and fees due to Cortiva Institute.

Loan Fee (Origination Fee)

The U.S. Department of Education charges a fee for each federal student loan you receive that is a percentage of the total loan amount you're borrowing (gross amount). The loan fee is deducted proportionately from each disbursement of your loan. This reduces the actual loan amount you receive (net amount). The specific loan fee that you're charged will be included in a disclosure statement you'll receive after the first disbursement of your federal student loan. You will be required to repay the gross amount.

Student Eligibility Requirements

Federal financial aid is not available to international students unless they are eligible non-citizens. Eligible non-citizens must provide current documentation of immigration status prior to applying for financial aid. An applicant for admission who indicates on his/her application that financial assistance is needed for education is given a Free Application for Federal Student Aid at the time of enrollment.

Some of the eligibility requirements for Federal Title IV financial aid programs that a student must meet:

- ❖ Show financial need
- ❖ Enroll in an eligible program
- ❖ Be a United States citizen or eligible non-citizen

Financial Aid Verification

The federal government has legislated an application review process called, Verification, to ensure that all data provided on the Federal Application for student Aid (FAFSA) is correct and complete. Applicants are selected randomly and may be asked to provide additional documentation such as IRS tax transcripts, W-2 forms, verification worksheets or other documents to complete their financial aid application process. Applicants must comply with the requests for documentation within specified times or applicants may lose financial aid eligibility. Selected and/or flagged records will be reviewed by the Financial Aid Office and notification request letters sent to the applicants. CI's notification request letters for verification require the student to submit requested documents within thirty (30) days of request, or to contact the financial aid office for an extension of time.

The Financial Aid Office will perform verification by comparing all submitted documentation to the student ISIR record. Records found to be correct and complete will be processed for awarding and certification of aid. Corrections to your application may be required if there are any differences between the information you provided on your application and the information on your Verification Worksheet, or any additional documents received. All required documents must be submitted, and verification/ confirmation completed, before the Financial Aid Office will certify any loan or authorize a disbursement. Failure to provide required documentation before the end of the award year or enrollment period may result in loss of eligibility for financial aid for that period. Failure to submit all required documents by the deadline may result in the forfeiture of your financial aid awards, which would require you to make an alternate payment plan to pay your tuition.

Statement of Educational Purpose

The parent or student signing a Free Application for Federal Student Aid (FAFSA) certifies the following: (1) will use federal and/or state student financial aid only to pay the cost of attending an institution of higher education, (2) is not in default on a federal student loan or has made satisfactory arrangements to repay it, (3) does not owe money back on a federal student grant or has made satisfactory arrangements to repay it, (4) will notify college if defaulting on a federal student loan and (5) will not receive a Federal Pell Grant from more than one college for the same period of time.

The parent or student signing the Free Application for Federal Student Aid (FAFSA) agrees, if asked, to provide information that will verify the accuracy of your completed form. This information may include U.S. or state income tax forms filed or required to be filed. In addition, the parent or student certifies and understands that the Secretary of Education has the authority to verify information reported on this application with the Internal Revenue Service and other federal agencies. If the parent or student signs any document related to the federal student aid programs electronically using a FSA ID, username and password, and/or credential that certifies that he or she is the person identified by the FSA ID, username and password, and/or credential and has not disclosed that PSA ID, username and password, to anyone else. If the parent or student purposely gives false or misleading information, that person may be fined up to \$20,000, sent to prison, or both.

Misrepresentations

Inconsistencies may require further investigation and documentation which will be requested upon discovery. CI complies with federal regulation regarding fraud referrals when the school has any credible information indicating that an applicant for Title IV, HEA program assistance may have engaged in fraud or other criminal misconduct in connection with his or her application. Specifically, a student will be referred if the school believes that the student or parent applicant intentionally provided false information with the intent of establishing a student's eligibility for federal student aid, including eligibility for need-based aid, and the amounts of aid received. Examples of this type of information are:

- 1) False claims of independent student status,
- 2) False claims of citizenship,
- 3) Use of false identities,
- 4) Forgery of signatures of certifications, and
- 5) Significantly false statements of income.

Please do not hesitate to contact the Financial Aid Office if you have any questions or need any assistance regarding the verification process.

Financial Aid - Returning Title IV Funds after a Student is Dropped or Withdraws

The law specifies how to determine the amount of Title IV program assistance that you have earned at the time you withdraw or are dropped from school. The institute participates in the following Federal Title IV financial aid programs: Pell Grants; FSEOG, Federal Work Study (FWS), Subsidized and Unsubsidized Stafford Loans, and Direct and PLUS loans for parents of qualified dependent students. Cortiva Institute will calculate the amount of Title IV aid that you have earned based on the payment period using a specific formula. The student will be obligated for any tuition, fees, textbooks, or equipment not covered by Title IV funds.

The amount of assistance that you earn that will be credited to your student account is determined on a pro rata basis. For example, if you completed 30% of the clock hours of your payment period, you earn 30% of the assistance you were originally scheduled to receive. Once you have completed more than 60% of the payment period, you earn all the assistance that you were scheduled to receive for that period. Withdrawn students may return to same program within 180 calendar days. Students eligible for any Title IV funds for which eligible prior to withdrawal.

Return to Title IV Program Funds:

In the event a refund is required on behalf of a student who received any form of federal student aid, under the institution's refund policy, a portion of the refund must be returned to the financial aid program(s) involved. Any unearned Title IV funds will be refunded within 45 days of the date the school determined the student withdrew. Any refunds due will be distributed in the following order:

- ❖ Federal Direct or FFEL Unsubsidized Stafford Loan(s), up to amount disbursed
- ❖ Federal Direct or FFEL Subsidized Stafford Loan(s), up to amount disbursed
- ❖ Direct PLUS loans
- ❖ Federal Pell Grants for which a return of funds is required
- ❖ Federal Supplemental Educational Opportunity Grants (FSEOG) for which a return of funds is required.
- ❖ Other Title IV Aid Programs
- ❖ Other federal, state, private or institution aid

**Please note that the United States Department of Education may impose changes to this distribution list at any time.*

Financial Aid students receive a current Student Guide, with all essential repayment information, as published by the U.S. Department of Education. Students are required to complete entrance counseling at the time of loan application and to review repayment of loan commitment through completion of an exit interview before their program completion date. In addition, students applying for Subsidized Stafford and Unsubsidized Stafford loans are required to complete entrance and exit counseling on <https://studentaid.gov/entrance-counseling/> or <https://studentaid.gov/exit-counseling/>. Definition of a Clock Hour

Students are awarded clock hours for course completion. A clock hour is defined as a minimum of 50 minutes of supervised instruction. Class and break schedules are on the course descriptions provided by each instructor.

Definition of a Credit Hour

The school offers some programs in credit hours. A credit hour is defined as an amount of work represented in intended learning outcomes and verified by evidence of student achievement for academic activities as established by the institution comprised of the following units: didactic learning environment; supervised laboratory setting of instruction; externship; and out-of-class work/preparation. The following are the measures of these units for establishing credit hour awards.

One quarter credit hour equals 30 units comprised of the following academic activities:

- ❖ One clock hour in a didactic learning environment = 2 unit
- ❖ One clock hour in a supervised laboratory setting of instruction = 1.5 units
- ❖ One hour of externship = 1 unit
- ❖ One hour of out-of-class work/preparation for the didactic learning environment or supervised laboratory instruction that are designed to measure the student's achieved competency relative to the required subject matter objectives = 0.5 unit

One semester credit hour equals 45 units comprised of the following academic activities:

- ❖ One clock hour in a didactic learning environment = 2 unit
- ❖ One clock hour in a supervised laboratory setting of instruction = 1.5 units
- ❖ One hour of externship = 1 unit
- ❖ One hour of out-of-class work/preparation for the didactic learning environment or supervised laboratory instruction that are designed to measure the student's achieved competency relative to the required subject matter objectives = 0.5 unit

Glossary of Credit Hour Terms:

- ❖ A didactic learning environment is one which is led by a qualified faculty member for the intention of teaching and learning and can be in a classroom or laboratory setting of instruction.
- ❖ A supervised laboratory setting of instruction is one where students engage in discussion and/or the practical application of information presented in the didactic portion of the program or discovered through out-of-class work/preparation (e.g., practical application settings, clinical settings, etc.) under the supervision of a qualified school faculty member.
- ❖ Out-of-class work/preparation is that which students engage in as a means to prepare for the didactic learning environment or supervised laboratory setting of instruction and must be articulated through a course syllabus. The student's work outside of class must be consistent with course educational goals and objectives; documented, assessed/graded; and serve as an integral part of the structured, sequenced educational program as described in the syllabus.
- ❖ An externship is a component of a program is offered in a bona fide occupational setting for which training, and education is provided. The objectives and goals of an externship are to allow students to apply practically the knowledge and skills taught in didactic and laboratory settings of instruction.

For the Purposes of Title IV Federal Financial Aid:

The credits approved by states and accrediting agencies are not necessarily the credits for FSA purposes. For FSA purposes, the number of credits in the program will be those determined by the conversion formula. The institution utilizes the US Department of Education (USDE) definition of a credit hour that measures such in terms of the amount of time in which a student is engaged in academic activity, as follows:

- ❖ For the credit to clock hour conversion, the institution utilizes the USDOEs guideline of one quarter credit hour is based on 20 clock hours of direct faculty instruction. (Number of instructional clock hours in the credit-hour program divided by 20) the converted credit hours are used to determine the amount of FSA funds that a student who is enrolled in the program is eligible to receive.
- ❖ For the credit to clock hour conversion, the institution utilizes the USDOEs guideline of one semester credit hour is based on 30 clock hours of direct faculty instruction. (Number of instructional clock hours in the credit-hour program divided by 30) the converted credit hours are used to determine the amount of FSA funds that a student who is enrolled in the program is eligible to receive.

This conversion is based on the premise that outside homework and assignments are documented as such and are part of the grading criterion for the student's final grade in a course. All syllabi for certificate/diploma programs outline the homework requirement and include a homework component in the overall course grade.

An academic year is defined as 36 quarter/24 semester credit-hours or 900 clock-hours. If the program is one academic year or less, is divided into two payment periods, if the program is longer than one academic year, the remaining portion is treated as a single payment period. For clock-hour and non-term credit-hour programs, the payment period is defined not only in clock-hours or credit-hours but also in weeks of instructional time. Payment period progression is based on the time it takes for the student to successfully complete* the credit or clock-hours and weeks of instructional time in the payment period. **Successfully complete means that the student has earned a passing grade or otherwise received credit for the credits or clock-hours in the payment period.*

SATISFACTORY ACADEMIC PROGRESS POLICY

NOTE: Students receiving funds under the Federal Title IV Financial Aid Program must maintain Satisfactory Progress in order to maintain eligibility for such funds. Student receiving benefits from the Department of Veteran Affairs must maintain a minimum of 80% attendance to maintain eligibility for such funds. *All Applicants are provided a copy of the student catalog prior to enrollment. Upon signing the enrollment agreement, applicants acknowledge that they have received and read the student catalog.

Satisfactory Academic Progress

Satisfactory Academic Progress includes both quantitative (attendance) and qualitative (academic performance) elements that are evaluated on a cumulative basis at the designated evaluation periods throughout the course or program of study. Students must maintain minimum grade required in program of enrollment at each scheduled evaluation in order to be considered making satisfactory progress.

Academic Progress (Qualitative)

MINIMUM GRADE REQUIRED:

- ❖ Professional Massage Therapy: 75%

Academic Grading System:

Students are given both practical and theoretical tests and quizzes throughout each class. Through these methods, the teachers are able to review each student's progress. The following is the grading scale used:

A	4.0	90% -100%	Excellent
B	3.0	80% - 89%	Above Average
C	2.0	75% - 79%	Average
D	1.0	0% - 74%	Unsatisfactory

*Students are required to have a minimum passing score of 75% in each course. An overall grade of "C" or above is required to graduate.

Attendance Progress (Quantitative)

- ❖ **Minimum Attendance Required:** Students must attend at least 67 percent at each scheduled evaluation in order to be considered making satisfactory progress and to complete the course within the maximum time frame.
- ❖ **Maximum Time Frame:** The maximum time frame a student has to complete the course is 150% of scheduled attendance. Transfer hours/credits that are accepted toward the student's educational program are counted as both attempted and completed for the purpose of determining maximum time frame. SAP evaluation periods are based on actual contracted hours/credits at the institution. ***If the student has failed to achieve minimum requirements, the student is subject to termination from the school. Title IV recipients will lose eligibility to receive Title IV funds.***
 - **Professional Massage Therapy (24 Academic Semester Credits):**
MAXIMUM TIME FRAME: The maximum time frame a student has to complete the course is 36 Academic Semester Credits scheduled and 150% of the scheduled weeks based on the student's session (38 weeks).

Texas Department of Licensing and Regulation- Attendance Policy: (Students are subject to the following state regulations)

- ❖ Students that miss more than ten (10) consecutive school days or 14 consecutive calendar days, whichever occurs first, will be dismissed from school.
- ❖ An absence shall be charged for a full day when a student attends none of the scheduled classes on that day. A partial day of absence shall be charged for any period of absence during the day.

Determination of Progress

The Campus Registrar is responsible for monitoring and evaluating academic process continuously. SAP Progress evaluations will be conducted with the student within 7 days of the student reaching the following actual increments. The Student SAP evaluation calculates the student's cumulative GPA and the pace at which the student is progressing by dividing the cumulative number of credit hours and weeks the student has successfully completed by the cumulative number of credit hours and weeks the student has attempted. Progress evaluations will be conducted with the student shortly after students reach the end of the payment period, when the student successfully completes the credit hours and weeks within the payment period. All students attending this school shall have the right to review their academic records, including grades, attendance and counseling and may be reviewed by request.

Evaluations, at a minimum, will occur at the following Increments: (Title IV Eligibility)

- ❖ **Professional Massage Therapy (24 Academic Semester Credits):** 12 Academic Semester Credits (13 Weeks), 24 Academic Semester Credits (25 Weeks)

Satisfactory:

Students with a minimum required grade average in theory and practical and clinic performance, and minimum 67 percent attendance percentage at each scheduled evaluation points, will be considered to be making satisfactory progress until the next scheduled evaluation. In order for a student to be considered making satisfactory progress as of course midpoint, the student must meet both attendance and academic minimum requirements on at least one evaluation by the midpoint of the course.

Unsatisfactory:

- ❖ Students failing to meet minimum progress requirements at a scheduled evaluation will be placed on SAP warning and complete a corrective action plan until the next scheduled progress evaluation point. ****Students receiving funds under the Federal Title IV Financial Aid Program must maintain Satisfactory Progress in order to maintain eligibility for such funds. Title IV recipients placed on a SAP Financial Aid warning will remain eligible to receive Title IV funds for the period of the initial SAP Financial Aid warning period.***
- ❖ At the next scheduled progress evaluation point, the student's progress will be re-evaluated. If the student is meeting minimum requirements, he or she will be determined to be making satisfactory progress. ***Title IV recipients will maintain eligibility to receive Title IV funds if found to be meeting the minimum Satisfactory Progress requirements.***
- ❖ If the student has failed to achieve minimum requirements, the student is subject to termination from the school. ***Title IV recipients will lose eligibility to receive Title IV funds at this evaluation point if found not to be meeting the minimum Satisfactory Progress requirements.***

SAP Warning-

You are considered to be in SAP warning if at your previous evaluation point you were previously meeting SAP, and you are now failing to meet the minimum Satisfactory Academic Progress requirements for one or more of the following reasons:

- ❖ You are below the minimum cumulative GPA requirement for your academic level and/or academic program; and
- ❖ You are below the 67 percent minimum course completion rate (quantitative requirement).

Once you are in financial aid warning, you may continue to receive financial aid, but you will be expected to meet the minimum standards by the end of your warning period in order to continue to receive financial aid. Failure to meet the minimum standards after your warning term will result in financial aid termination.

SAP Termination Appeal

If it is determined that a student is not meeting SAP requirements at the evaluation point after the SAP Financial Aid warning status, the student is terminated from financial aid but may appeal the termination status. The student must submit a written appeal to the school within seven (7) calendar days after being notified of the adverse determination. A non-exhaustive list of circumstances for which you may appeal including: the death of a close relative, a serious injury or an illness. The Satisfactory Academic Progress (SAP) Appeal must include:

- ❖ A written or typed statement explaining the circumstances contributing to the student's failure to meet the SAP standards, along with the nature and timing of the circumstances;
- ❖ Supporting documentation, as appropriate;
- ❖ A description of what has changed in the student's situation that would allow the student to meet SAP requirements at the end of the next payment period; and
- ❖ An Academic Improvement Plan that has been developed with and is signed by the student's advisor. The plan must include how the student expects to meet the SAP standards as well as the time frame in which the student expects to be back in compliance with such standards.

Regaining Federal Student Aid Eligibility

Except for when an appeal is granted for unusual or mitigating circumstances, students can reestablish eligibility only by taking action that brings them in compliance with the qualitative and quantitative components of the Financial Aid Satisfactory Academic Progress Standards. A student for whom a SAP appeal is approved is placed on Financial Aid Probation and is expected to complete 100% of all coursework by the end of the evaluation period following the approved appeal. Satisfactory progress must be demonstrated before further aid can be awarded. Student's may continue enrollment at the student's own expense until both the Quantitative and Qualitative SAP standards are met, while not exceeding the Maximum Time Frame.

Financial Aid Probation

Once a student is placed on financial aid probation, they will be monitored to ensure that they are on track to successfully complete by the end of the probationary period. The student will be eligible for financial aid during the FA Probation.

Re-Entry

A student who has been terminated or withdrawn may reapply to Cortiva Institute in the same status as when they were withdrawn within 180 days. At that time, the student's academic records will be evaluated in order to determine if it is possible for a cumulative grade point to be achieved and for the program to be completed within the maximum time frame of 150%. The student will be placed on the same SAP status as when they left and will only receive Title IV funds if they were in good SAP standing, FA Warning or still within the FA Probationary period of their academic plan.*Returning Students will be charged a \$100 Re-entry fee.

After being readmitted to Cortiva Institute, the student's progress will be re-evaluated at the next scheduled progress evaluation point. If the student has failed to achieve minimum requirements, the student is subject to termination from the school. ***Title IV recipients will lose eligibility to receive Title IV funds at this evaluation point if found not to be meeting the minimum Satisfactory Progress requirements.***

Incomplete Grades

If a student is missing a grade for any course in a grading period, the student is given thirty days to comply with the instructor's requirement for receiving a grade unless otherwise approved for an extension. If by the 30th day the student has not complied with the instructor's requirement, the student shall be given a grade of D, which will count towards the student's GPA. If the student complies and receives a passing grade, the incomplete grade will be changed to the passing grade. If a student complies and receives a failing grade, the grade shall be changed and will count towards the student's GPA. The period of time taken to complete or pass assignments shall count towards the maximum time frame for program completion. Satisfactory Academic Progress includes both quantitative (attendance) and qualitative (academic performance) elements that are evaluated on a cumulative basis at the designated evaluation periods throughout the course or program of study. Students must maintain minimum requirements in program of enrollment at each scheduled evaluation in order to be considered making satisfactory progress.

Repeating Assessments/Evaluations

A student may repeat a failed assessment or evaluation if they receive a grade of "D". A student may repeat the same assessment or evaluation only once. The new grade will replace the original grade. If a student does not receive a passing grade, they will meet with the registrar's office to determine if their cumulative GPA is meeting Satisfactory Academic Progress requirements. Cumulative coursework and period of time taken to complete or pass assignments shall count towards the maximum time frame for program completion and the student's GPA. Satisfactory Academic Progress includes both quantitative (attendance) and qualitative (academic performance) elements that are evaluated on a cumulative basis at the designated evaluation periods throughout the course or program of study. Students must maintain minimum requirements in program of enrollment at each scheduled evaluation in order to be considered making satisfactory progress.

Attendance/Tardiness

All students are expected to attend classes on a regular basis and are required to clock in and out with the use of the thumb/palm print biometric system. Attendance is recorded through our automated biometric system which is automatically and instantly stored directly into the student management database. In the event of an absence, the student is responsible to make arrangements to complete any makeup work that may be assigned to them if applicable.

Non-Credit Remedial Courses

The institution does not offer non-credit remedial courses. However, Cortiva Institute does offer remediation for those students that require a refresher or review of subject matter, or those students who have failed to pass a state board exam.

Leave of Absence Policy

If an emergency situation arises, such as a family tragedy, medical condition, military obligation, or other extenuating circumstances, making it necessary for a student to interrupt his/her training to request a Leave of Absence (LOA). A leave of absence (LOA) is a temporary interruption in a student's program of study. LOA refers to the specific time period during a program when a student is not in attendance. Students who need to take an LOA from the school must meet the following criteria:

- ❖ The student must request the leave in writing (prior to the expected LOA) and must sign and date a request which states a reason. The applicable School Official must approve and sign the LOA request prior to the start date of the LOA.
- ❖ The student must provide reasonable assurance that the student will return at the end of the LOA.
- ❖ The school may ask for documentation confirming the reason for the LOA.
- ❖ Unforeseen Circumstances- Cortiva Institute may grant an LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances upon notification of the situation. For example, if a student were injured in a car accident and needed a few weeks to recover before returning to institution, the student would not have been able to request the LOA in advance. The beginning date of the approved LOA is the date the student was unable to attend school because of the accident. Students granted an LOA with unforeseen circumstances must still complete the required LOA Request documentation via electronic means or upon return.
- ❖ **Texas- Texas Department of Licensing and Regulation (TDLR) LOA Policy:**
 - *A leave of absence for reasonable purposes acceptable to the massage therapy educational program shall not exceed the lesser of thirty (30) school days or sixty (60) calendar days.*
 - *A student shall be granted only one leave of absence for each 12-month period.*

Students granted a leave of absence are not considered to be withdrawn from school, and no refund calculation is required at that time. A leave of absence extends the student's contract period and maximum time frame by the same number of days taken in the leave of absence. An enrollment agreement addendum and the leave of absence request must be signed and dated by all parties. The enrollment agreement addendum will outline the extension to the student's contract period and maximum time frame, the student's graduation date will be revised by the same number of days taken in the leave of absence. No additional institutional charges will be assessed during a Leave of Absence.

If a student does not return from their leave of absence on the scheduled return date they will be withdrawn from school. A student on an approved leave of absence who has notified the school that he/she will not be returning will be withdrawn from the program. The determined date of withdrawal will be the earlier of the date of expiration of the leave of absence or the date the student notifies the school that he/she will not be returning. The withdrawal date for the purpose of calculating a refund is always the student's last day of attendance. ****Pursuant to the Department of Veteran's Affairs Guidelines, students receiving veteran's benefits will not be eligible for veteran's educational benefits while on Leave of Absence.**

Students' records are maintained by the campus Registrar's Office (academic records), Financial Services Department (financial aid records) and Business Management Office (accounts receivable records). Students' records are maintained by the institution in permanent files. Under Section 438 of the General Provision Act (Title IV of Public Law 90-247), students age 18 or over have access to their personal record files kept by the institution.

All authorized personnel have access to student records for official purposes. A student (or in some cases eligible parents) is given access to his/her record within a reasonable time after submitting a written request to the custodian in possession of that record (Registrar, Financial Services, or Business Management). If the content of any record is believed to be in error, inaccurate, discriminatory, misleading or in violation of the student rights or otherwise inappropriate, it may be challenged, and a written explanation included in the record. A student's right to due process allows for a hearing, which may be held at a reasonable time and place at which time evidence may be presented to support the challenge. Student information is released to persons, agencies, or legal authorities as required by subpoena/legal process or by consent of a student (or eligible parent). Information is released on a consent basis in cases where a student or eligible parent has provided a written consent, signed, dated and specifying the information to be released and name(s) of persons to whom the information is to be released.

Cortiva Institute strictly adheres to the requirements of FERPA regarding students' rights and privacy of information. Records will not be released without the written consent of the student. A student will be notified whenever a court subpoenas the records in which case, written consent is not required. The parent(s) of a dependent minor student has the right to inspect the records that are maintained by the school on behalf of the student. The schools accrediting agency along with federal, state and local authorities involving an audit or evaluation of compliance with education programs have the right to inspect records that are maintained by the school on behalf of the student without the student's consent. FERPA permits the disclosure of PII from students' education records, without consent of the student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, § 99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures.

The Family Educational Rights and Privacy Act (FERPA), requires that the Institute, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your education records. However, the Institute may disclose appropriately designated "directory information" without written consent, unless you have advised the Campus Director to the contrary in accordance with the below outlined procedures. The primary purpose of directory information is to allow the Institute to include information from your education records in certain school publications. The annual Security report also includes statistics concerning the occurrence of specified types of crimes and campus and at certain off-campus locations.

The annual security report is published each year by October 1st and will contain statistics for the three most recent calendar years. The annual security report is provided to all current students and employees. The copy of the most recent annual security report may be obtained from the Campus Director.

In addition to the annual security report, each campus has security procedures to maintain a crime log of all reported crimes. The crime log is available for public inspection during regular business hours in the Campus Director's office. Cortiva Institute will report to the campus community concerning the occurrence of any crime includable in the annual security or local police and that is considered to be a threat to students or employees.

The Violence Against Women Act (VAWA) was implemented in 1994 in recognition of the severity of the crimes associated with domestic violence, sexual assault, and stalking, as part of the Violent Crime Control and Law Enforcement Act of 1994. VAWA was reauthorized in 2000, 2005, and 2013 to strengthen the law. The Violence Against Women Act provides protection to women against crimes of sexual violence. The act was amended on several occasions and placed new obligations on colleges and institutions to report and conduct educational programs under its Campus Sexual Violence Act (Campus SaVE Act), which amended the Clery Act.

The 2013 VAWA Reauthorization added a non-discrimination provision that prohibits discrimination on the basis of sex by organizations that receive funding under the Act and allows an exception for "sex segregation or sex-specific programming" when it is deemed to be "necessary to the essential operations of a program". Critical to ending violence and maintaining a safe campus is recognizing and avoiding abusive behavior. Abuse can surface in many ways (emotional, verbal, psychological, sexual, and physical). Some warning signs of abuse are:

- Frequent yelling directed at a partner
- Blaming partner for own faults
- Name-calling & consistently accusing partner of infidelity
- Kicking, holding, slapping, and scratching
- Forcible sex (e.g., wanting sex after hitting)

All institutions are charged with adopting the following VAWA requirements:

- A statement that the institution prohibits the offenses of domestic violence, dating violence, sexual assault, and stalking
- A clear definition of what constitutes domestic violence, dating violence, sexual assault, and stalking in the applicable jurisdiction
- A definition of consent in regards to sexual activity, in the applicable jurisdiction
- Safe and positive options for bystander intervention in order to prevent or intervene when there is a risk of sexual violence or stalking against another individual
- Information on risk reduction to recognize warning signs of abusive behavior or how to avoid potential attacks

Vawa Policy Statement:

Cortiva Institute is committed to maintaining a safe and secure work and academic environment free of any form of sexual misconduct including domestic violence, dating violence, sexual assault, stalking, and sexual harassment. A violation of the Violence Against Women's Act shall constitute grounds for disciplinary action, up to and including, dismissal from the Institute.

Definitions:

- Domestic Violence – Pattern of abusive behavior that is used by an intimate partner to gain or maintain power and control over the other intimate party. Timely Warnings

In the event that a situation arises, either on or off campus, in the judgment of the Campus Director, constitutes a series and/or continuing threat, a campus wide "timely warning" will be issued. Notices will be posted in each common area.

Reporting Crime

Any suspicious activity, or person seen in the parking lots or loitering around vehicles, inside the buildings or around the halls should be reported to the police department. In addition, you may report a non-emergency crime to the following:

1. School Official/Administrator (Instructor)
2. Student Services Department
3. Campus Director

Confidential Reporting Procedure

If you are a victim of a crime and unsure if you want to pursue action within the Institute system or the criminal justice system, you may still make a confidential report. The Campus Director may be told of the details of the incident in confidence. The purpose of confidential reporting procedure is for your security, while taking steps to ensure your future safety and the safety of others. With such information, the Institute can keep accurate records of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method or assailant, and alert the campus community to potential danger. These incidents are counted and disclosed in the annual crimes statistics for the institution with no identifying information.

Fire Precautions

Students should take particular note of exit signs in each building. Students should familiarize themselves with the appropriate evacuation route posted for each room. In the event of an emergency:

- ❖ Leave the building by the nearest exit in an orderly fashion (do not use elevators).
- ❖ Stand at a safe distance from the building.
- ❖ Do not re-enter the building until directed to do so by the administration.

Drug-Free Policy

Two federal laws, the Drug-Free Workplace Act of 1988 (P.L. 101690) and the Drug-Free Schools and Communities Act (P.L. 101226), require institutions receiving federal financial assistance to provide a drug-free workplace, and to have a drug-free awareness program and a drug and alcohol abuse prevention program for students and employees. As a matter of policy, Cortiva Institute prohibits the manufacture and unlawful possession, use, sale, or distribution of illicit drugs and alcohol by students and employees on its property and at any school activity. Any violation of these policies will result in appropriate disciplinary actions up to and including expulsion in the case of students and termination in the case of employees, even for a first offense. Violations of the law will also be referred to the appropriate law enforcement authorities. Students or employees may also be referred to abuse help centers. If such a referral is made, continued enrollment or employment will be subject to successful completion of any prescribed counseling or treatment program. Information on the school's drug-free awareness program and drug and alcohol prevention program may be obtained from the Campus Director's office.

Drug and Alcohol Abuse Prevention

Research has shown that abuse of alcohol and drugs is a national public health concern. More than 43% of college students report some heavy episodic drinking and thousands of students annually experience problems related to their alcohol use, including unintentional injuries, risky sexual behaviors, sexual assault, fights, and traffic crashes. While perfecting custom bodywork sessions, students gain experience in completing consecutive sessions during each clinic shift. Students gain confidence in assessing client needs through analysis, research, and visual/postural/palpatory assessment. Students evolve their service skills while providing exceptional client-care in their experiences with public clientele. Students learn and practice how to properly educate clients about massage therapy and its benefits.

MA-106: Allied Modalities
