CORTIVA INSTITUTE

Paramedical Skin Care Consumer Information

CIP Code (Classification of Instructional Programs)	12.0414
SOC Code	39-5094.00 https://www.onetcodeconnector.org/ccreport/39-5094.00

Program Description: This program offers training in the foundations and fundamentals of skin care, as well as treatments and techniques that promote the health and appearance of the skin. You will learn the skills needed to pursue a career in a variety of professional and clinical skin care environments. The courses provide integrated training in both clinical and holistic skin care. You will learn to do facials, complementary therapies including aromatherapy, as well as chemical peels and microdermabrasion. You will be taught progressive treatments including LED light therapy, micro current treatments for skin toning, oxygen facials, and Dermatude treatments for wrinkle and fine line reduction. Classes cover skin science, medical esthetics, biochemistry, body treatments, complementary skin care, hormones and pharmacology. You will also learn blending treatments, which combine various techniques into customized treatment plans to produce optimal results for your client. The program is designed to prepare you to work in the skin care industry or a related field. Graduates enjoy fulfilling careers in the esthetic and beauty industries working in spas, resorts and salon settings, or as business owners in private practice serving a wide variety of clientele. ***The program exceeds standards set by most state and municipal governments for licensing and/or registration. ** Licensure requirements subject to change. Check your local requirements.**

Program Objectives:

- To develop the personal and professional potential of students so they enter the field as estheticians who will offer a quality of service that will be sought after by both clients and employers.
- To provide students with training in the theory and technique of a wide variety of skin care services and advanced treatments. This training significantly expands opportunities for gainful employment beyond entry-level Registered Facial Specialists in esthetics and related fields supported by the training received in school and recognized by the state. Students are trained to provide a variety of services that include, but are not limited to, advanced body wraps, advanced chemical peels, lash extensions, camouflage and airbrush makeup, microdermabrasion, microcurrent, LED and ultrasonic treatments.

Nature of the Work, Working Conditions and Physical Requirements: Ability to sit or stand for long periods of time, manual dexterity, steady hands, ability to advise clients with a friendly, courteous personality.

Safety Requirements:

- Adherence to the highest standards of sanitation, disinfection and sterilization
- Proper use of equipment and chemicals
- Practice basic hygiene, well-groomed and professional appearance
- All rules and regulations of Cortiva Institute must be followed

CORTIVA INSTITUTE

Skin Care Program Consumer Information

CIP Code (Classification of Instructional Programs)	12.0499
SOC Code	39-5094.00 https://www.onetcodeconnector.org/ccreport/39-5094.00

Program Description This comprehensive 300-hour program offers training in the theory and practice of skin care and provides students a great deal of hands-on, real world clinical experience that allows them to graduate as experienced skin care professionals. The program emphasizes the structure and function of the skin and prepares students to critically assess and meet the unique needs of each client. A strong foundation in anatomy and physiology is provided. Business and career development classes, along with training in Florida laws and regulations, are also offered. The program provides instruction in basic facials, makeup artistry, masks, product chemistry, and hair removal. **The program exceeds standards set by most state and municipal governments for licensing and/or registration. ** Licensure requirements subject to change. Check your local requirements.*

Program Objectives

- ❖ To develop the personal and professional potential of students so they enter the field as Registered Facial Specialists who will offer a quality of service that will be sought after by both clients and employers.
- ❖ To train students in the theory and technique of a balanced blend of skin care, makeup and hair removal while preparing them to seek gainful employment working as entry-level Registered Facial Specialists or in related fields supported by the training received in school and recognized by the state.
- ❖ Students are trained to provide a variety of services that include, but are not limited to, facials, waxing, makeup and basic peels.

Nature of the Work, Working Conditions and Physical Requirements: Ability to sit or stand for long periods of time, manual dexterity, steady hands, ability to advise clients with a friendly, courteous personality.

Safety Requirements:

- ❖ Adherence to the highest standards of sanitation, disinfection and sterilization
- ❖ Proper use of equipment and chemicals
- ❖ Practice basic hygiene, well-groomed and professional appearance
- ❖ All rules and regulations of Cortiva Institute must be followed
